# BLOW GUNS & TIPS

## TYPHOON HIGH VOLUME BLOW GUNS

The TYPHOON sets an industry standard for high volume safety blow guns. The TYPHOON is available with 1/4" NPT and higher flow 3/8" NPT in-ports. A variety of custom-designed nozzles and extensions are available. This gun provided up to 51 CFM and over three pounds of force for maximum blow off.

The TYPHOON is also available in an all-metal version for extremely harsh applications. The TYPHOON PRO has chrome plating on an aluminum body which resists chemicals and solvents and makes this gun easy to clean.

## CANNON EXTREME HIGH VOLUME AIR BLOW GUN

The Cannon Extreme High Volume Air Blow Gun uses the compressed air from your tow-behind compressor to clear heavy, stubborn debris.

COILHOSE CANNON®

## CEG-1 BLOW GUNS

The CEG-1 is ergonomically designed to fit the natural contour of the user's hand, maximizing comfort even during long-term use. This gives the user a wider range of motion to direct the additional CEG-1 working capacity right where it's needed, resulting in increased blow-off efficiency.

## REDI-BURST POCKET BLOW GUN

The Redi-Burst Pocket Blow Gun delivers the same performance as larger thumb-lever blow guns, but is much smaller. The Redi-Burst Pocket Blow Gun requires less storage space in a tool box and is portable enough to keep in a pocket or on a tool belt. Accepts all standard 1/8" Coilhose Pneumatics blow gun tips.

## POCKET SERIES

The pocket series easily clips in a pocket. This gun is great for plant personnel who are mobile throughout the day.
